I have an existing HSLC account but want to change my password or email

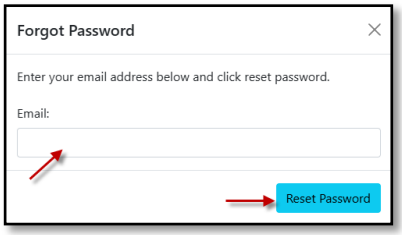

For the quickest resolution, click on your specific training issue below:

- I need to change my password.
- I need to change my email address.

If you need to reset your password:

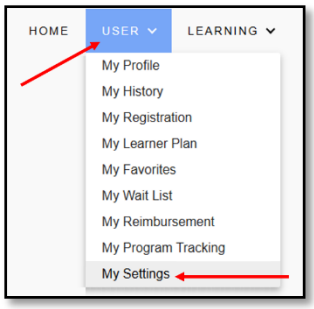

- Go to the HSLC login page: https://www.hslcnys.org/
- Click on the **Forgot your password?** link.
- Enter the email address associated with the password you are trying to reset in the window that pops up and click the **Rest Password** button.
- An email will be sent to the email address associated with this account.

If you need to change the email address updated with your HSLC account:

- Login to HSLC at: https://www.hslcnys.org/ with the email address you registered for the training with.
- Once logged in, Select **User** then **My Settings**.

- On the **My Settings** page look for the **Change Email Address** section on the left. Enter your new email address, confirm that email address by entering it again, then click **Save Email** to save those changes.
